

Fine Fabric Detergent (B106)

FOR PROFESSIONAL USE ONLY

Mild extraction detergent for natural and delicate carpets and upholstery

APPLICATION: Extraction Detergent, Fine Fabric, Upholstery

DESCRIPTION: A mild liquid extraction detergent formulated especially for use on natural and delicate fibers in fine water-cleanable upholstery and carpet. Fine Fabric Detergent is powerful enough to be used for one-step or two-step hot water extraction cleaning processes, yet gentle enough for most natural and delicate fabrics. Its premium formulation combines gentle detergents and solvents with a mild pH to safely and effectively clean fine fabrics. New generation polymer technology encapsulates soils and pre-spray residues and helps prevent soil wicking and browning. Mild pH helps prevent dye bleeding and color issues.

FEATURES:

- Safe for use on wool carpet and upholstery
- Safe for stain resistant carpeting
- Use in truckmounts and portables
- Gently removes surface oils and binding soils

WHERE TO USE: Wool carpets and colorfast wool rugs, water-cleanable natural fibers and delicate fabrics

USE DILUTION:

- Portable:** 2 to 8 oz / gallon
- Truckmount:** 1 gallon + 4 gallons of water

USE DIRECTIONS:

Always pre-test surfaces to be cleaned for colorfastness in an inconspicuous location before use. Use according to all label directions.

Vacuum carpet or upholstery thoroughly, to remove loose dry soils. Pre-treat soiled areas and visible traffic lanes with Fine Fabric Prespray, prior to extraction.

Portable Use: Dilute Fine Fabric Detergent at 2 to 8 oz per gallon of water, depending on soil conditions.

Truckmount Use: Mix one gallon with 4 gallons of water to make truckmount concentrate for use in chemical injection system. Meter at 2 to 4 gallons per hour, depending on soil conditions.

COVERAGE: Makes up to 65 ready-to-use gallons. One ready-to-use gallon cleans approximately 400 square feet. Coverage will vary depending on soil level and thickness and absorbency of carpet.

USAGE TIPS:

- For best results, pres-pray with Fine Fabric Pre-Spray.
- Use dry extraction passes after cleaning to speed drying.
- Similar to Liquid Pro (S781)
